Dac full form in cdac. What is cdac acts.

An autonomous scientific society Coordinates: 18°33'06"N 73°49'26"E / 18.551747°N 73.823750°E / 18.551747; 73.823750 Centre for Development of Advanced ComputingEstablished1988; 31 years agoField of researchHigh Performance Computing, Multi-lingual Computing and Heritage Computing, Professional Electronics, Software Technologies, Health Informatics, EducationDirectorMagesh Ethirajan,[1] Director GeneralAddressPune University Campus, Ganesh Khind, Pune - 411 007, Maharashtra, IndiaLocationPune, India (headquarters)NicknameC-DACOperating agencyMinistry of Electronics and Information Technology, Government of IndiaWebsitewww.cdac.in The Centre for Development of Advanced Computing (C-DAC) is an Indian autonomous scientific society, operating under the Ministry of Electronics and Information Technology.[2] History Further information: Supercomputing in India and PARAM CDAC was created in November 1987,[3] initially as the Centre for Development of Advanced Computing Technology (CDAT).[4][5] In 1988, the US Government refused to sell India a Cray supercomputer due to concerns about India using it to develop nuclear weapons.[5] In response, India started development of its own supercomputer and C-DAC was created as part of this programme.[6][7] Dr Vijay Bhakar was hired as the Director of C-DAC.[7] The project was given an initial run of three years and an initial funding of ₹30,00,00,000, the cost of a Cray supercomputer.[7] A prototype computer was benchmarked at the 1990 Zurich Super-computing Show. It demonstrated that India had the second most powerful, publicly-demonstrated, supercomputer in the world after the United States.[7][8] The final result of the effort was the PARAM 8000, released in 1991.[9] It is considered to be India's first supercomputer. The National Centre for Software Technology, Electronic Research and Development Center and CECRI were merged into C-DAC in 2003.[10][11] Research activities originally established to research and assemble High Performance Computers, the research of C-DAC now includes: High Performance Computing, Grid Computing, Cloud Computing, Manufacturing and Heritage Computing VLSI and Processors design, Embedded Systems, Speech and Natural Language Processing, Navigation and Cyber Security, Ubiquitous Computing, Bioinformatics, Geomatics, Digital forensics, Big data analytics, Biochemical, Health Informatics, Quantum computing, Branches C-DAC, Businesses and training centers include:[12] C-DAC Pune (Headquarters), C-DAC Mumbai, C-DAC Bangalore, C-DAC Chennai, C-DAC Delhi, C-DAC Kolkata, C-DAC Patna, C-DAC Mohali, C-DAC Noida, C-DAC Hyderabad, C-DAC Thiruvananthapuram, C-DAC Srichar Education and Training PG Diploma courses include: e-Governance, Embedded Systems Design, VLSI, Big Data Analytics, Conformal Computing, Artificial Intelligence etc. C-DAC has also established Centres of Excellence in Information Technology (CEIT) and under the Ministry of External Affairs a number of joint participation projects.[13] Projects and developments of C-DAC range from supercomputers[14] to VEGA Microprocessors, India's first indigenous 64-bit Multi-core Superscalar Out-of-Order RISC-V Processor[17] M-Kavach 2, an android-based mobile device security solution addressing emerging threats.[18] Mobile Seva AppStore, a mobile app marketplace[19] Bharat e-Governance System, a Linux-based general purpose operating system[20] Ananya, a workflow environment for automated genome analysis[21] Namescape, the search engine for the Aadhaar unique ID project.[22] GARUDA, India's National Grid Computing Initiative[23][24] TaxoGrid, a grid-based molecular phylogenetics and drug discovery system[25] GIST, Graphics and Intelligence based Script Technology[26] DARPAN, a real time network monitoring, visualization and Service Level Agreement monitoring tool.[27] Pumarjani, a web based integrated assessment tool for mentally challenged children[29] ShrutiKhan-RajBhabha, a Hindi language speech recognition software application developed by C-DAC in collaboration with IBM[30] e-Pramaan, a national e-Authentication framework for accessing various government services.[31][32] QSim, India's first Quantum Computer Simulator Toolkit in collaboration with IISc Bengaluru and IIT Roorkee.[33] Notable researchers and alumnus: Vijay P. Bhakar, founder director, recipient of Padma Bhushan award[34] Rajkumar Buyya, professor at Melbourne University, formerly worked as a Senior Scientist at C-DAC Bangalore[35] Srinivasan Ramani, contributed in bringing the internet to India in 1987 through the academic network ERNET.[36] served as an adviser on UN ICT Task Force, and was the first director of HP Lab, India[37] Sudhir P. Mudur, former director of C-DAC, current head of Computer Science Department, Concordia University[38] T M Vijayaraman, head of Persistent Systems, research, formerly worked at C-DAC Mumbai,[39] Geetha Manjunath, founder & CEO of NIRAMAI.[40] Notable awards and accolades: Manthan Award 2013 for Mobile Tele-Ophthalmology Units.[41] e-safe!,[42] ONAMA,[43] Manthan Award 2012 for Interactive Museum,[44] Megh Sushrut,[45] National e-Governance Service Delivery Gateway,[46] National Award for the Empowerment of Persons with Disabilities, 2012 Other projects NDCRTC e-mahashabdakosh See also Supercomputing in India References ^ "Officials in C-DAC". [41] e-safe!,[42] ONAMA,[43] Manthan Award 2012 for Interactive Museum,[44] Megh Sushrut,[45] National e-Governance Service Delivery Gateway,[46] National Award for the Empowerment of Persons with Disabilities, 2012 Other projects NDCRTC e-mahashabdakosh See also Supercomputing in India References ^ "Officials in C-DAC". [41] e-safe!,[42] ONAMA,[43] Manthan Award 2012 for Interactive Museum,[44] Megh Sushrut,[45] National e-Governance Service Delivery Gateway,[46] National Award for the Empowerment of Persons with Disabilities, 2012 Other projects NDCRTC e-mahashabdakosh See also Supercomputing in India References ^ "Officials in C-DAC". [41] e-safe!,[42] ONAMA,[43] Manthan Award 2012 for Interactive Museum,[44] Megh Sushrut,[45] National e-Governance Service Delivery Gateway,[46] National Award for the Empowerment of Persons with Disabilities, 2012 Other projects NDCRTC e-mahashabdakosh See also Supercomputing in India References ^ "Officials in C-DAC". [41] e-safe!,[42] ONAMA,[43] Manthan Award 2012 for Interactive Museum,[44] Megh Sushrut,[45] National e-Governance Service Delivery Gateway,[46] National Award for the Empowerment of Persons with Disabilities, 2012 Other projects NDCRTC e-mahashabdakosh See also Supercomputing in India References ^ "Officials in C-DAC". [41] e-safe!,[42] ONAMA,[43] Manthan Award 2012 for Interactive Museum,[44] Megh Sushrut,[45] National e-Governance Service Delivery Gateway,[46] National Award for the Empowerment of Persons with Disabilities, 2012 Other projects NDCRTC e-mahashabdakosh See also Supercomputing in India References ^ "Officials in C-DAC". [41] e-safe!,[42] ONAMA,[43] Manthan Award 2012 for Interactive Museum,[44] Megh Sushrut,[45] National e-Governance Service Delivery Gateway,[46] National Award for the Empowerment of Persons with Disabilities, 2012 Other projects NDCRTC e-mahashabdakosh See also Supercomputing in India References ^ "Officials in C-DAC".
